## About The NeurodivURGENT Project

The NeurodivURGENT Project (NeurodivURGENT) is an outreach initiative of Practegy Educational Services, Inc., comprised of an interdisciplinary community of solution-oriented professionals committed to addressing the mental health needs of under-resourced youth populations. Our mission is to act with urgency in designing equitable systems that empower all young minds to soar.

### KEY FOCUS AREAS:

Cognition & Learning

Rehabilitative Justice

Behavioral and Emotional Health

Equitable Access to Screening and Treatment

Caregiver Support

### Participating Disciplines:

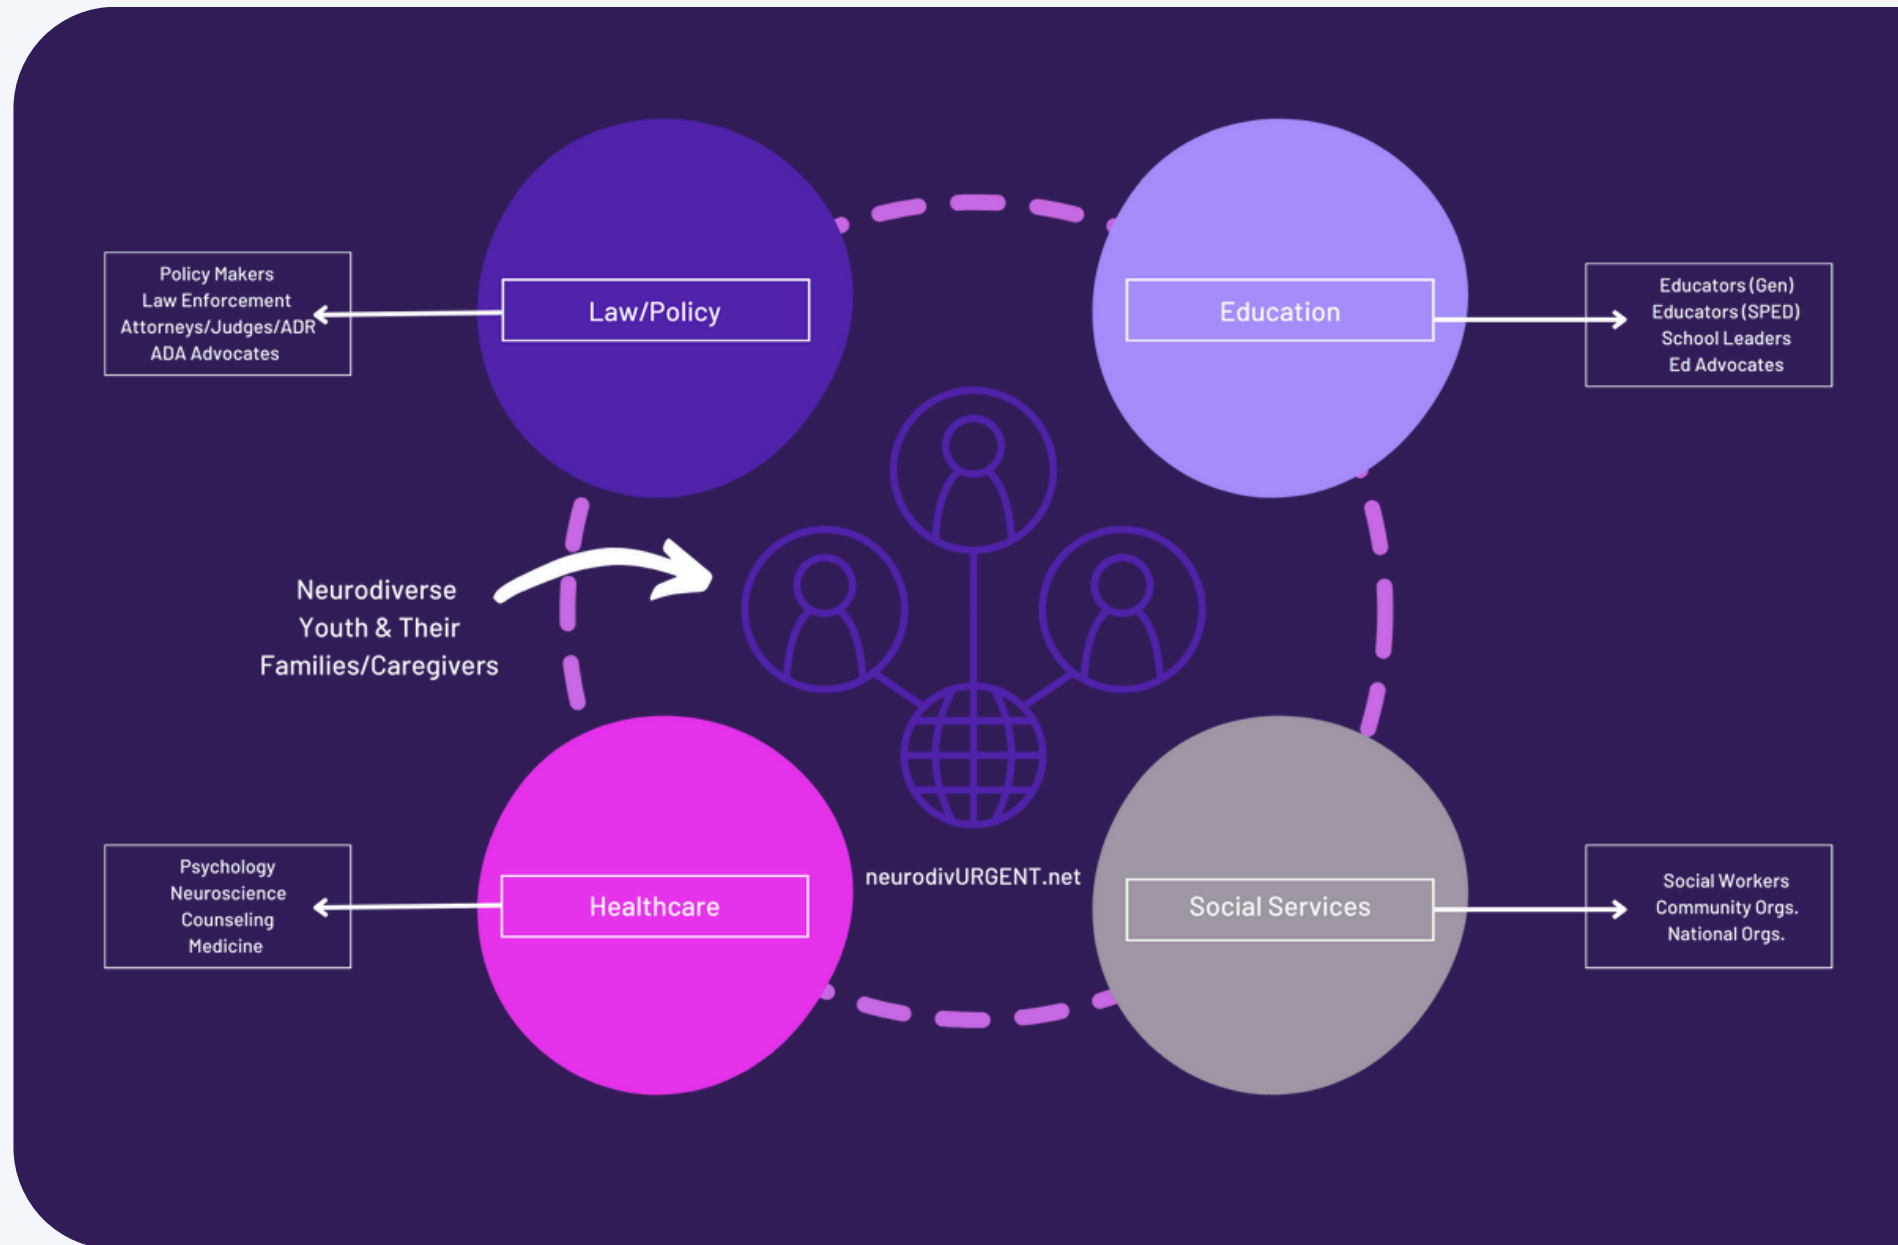

Law/Legal Profession, Education, Social Work,  
Psychology, Neuroscience, Public Health, Policy/Public  
Service and Medicine

## ...TO CONNECT THE NEURODIVERSITY ECOSYSTEM

### Here's Why This Matters:

"Due to the deinstitutionalization of mental health hospitals across the United States (U.S.) over the last fifty years, the U.S. prison system has witnessed an increase in the number of those in prison with mental disorders with research suggesting that there are 10 times more individuals with a mental disorder in prison or jail than housed in mental hospitals."

Semenza, D.C. & Grosholz, J.M. (2019). Mental and physical health in prison: how co-occurring conditions influence inmate misconduct. *Health and Justice*. <https://doi.org/10.1186/s40352-018-0082-5>

# 2025 NeurodivURGENT Conference

The NeurodivURGENT Conference is a three-day, highly interactive hybrid event designed to serve as a catalyst for collaboration around issues that directly impact the plights of underserved youth facing neurocognitive challenges. By intentionally curating interdisciplinary panels, workshops, roundtable discussions and keynote presentations that explore different sides of the same issues, this event is positioned to spark innovative partnerships and assist professionals in gaining better understandings of how their respective roles fit into the larger neurodiversity ecosystem.

# Three Reasons To Become A NeurodivURGENT Conference Exhibitor

## 1 Shared Social Responsibility

In America and around the world, countless children face seemingly insurmountable challenges due to their neurocognitive differences. Under-resourced youth are particularly susceptible to the harm caused by leaving these issues unaddressed. By becoming a NeurodivURGENT exhibitor, you are directly contributing to the success of an interdisciplinary platform uniquely designed to formulate holistic and sustainable solutions.

## 2 Brand Visibility

The NeurodivURGENT Conference will convene hundreds of current and aspiring professionals from 8 different fields in just 3 days. The project also aims to continue this work by hosting subsequent virtual and/or in-person events throughout 2025. Featuring subject-matter experts from all represented disciplines, our team is committed to providing top-notch quality with every experience. By becoming a NeurodivURGENT exhibitor, your brand will reach a myriad of individuals from all across the United States who are on the front lines as agents for change.

## 3 Generational Impact

By becoming a NeurodivURGENT exhibitor you will be assisting professionals in strengthening their capacity to change the trajectory of lives that might have otherwise fallen under the radar. Because many neurocognitive differences lead to debilitating outcomes if not properly assessed and treated, they have the propensity to cause great harm. However, when assessed and properly treated, many of the same individuals are afforded the opportunity to lead fulfilling, healthy lives and build strong families for years to come.

## Exhibitor (In-Person and Virtual)

\$1,500 OR monetary + in-kind contributions equivalent of \$1,500  
One (1) In-Person Conference Exhibitor Booth
